When you see ★symbol in the text below, it indicates that a feature was developed (or is planned) per voted users requests from the Idea Station for Robot.. We're pleased to share the release of Robot Structural Analysis 2022. In this article you will find the new enhancements and features briefly explained and this time, our 2022 overview also comes with a Public Roadmap update.

What's New in Robot Structural Analysis Professional 2022 ...

Was forced to give up the maintenance plan last Dec for Inventor and FeatureCAM. I am putting 5K away come this december, and another 5K next one, and another 5K the one after, will use it as a partial towards whatever I will be switching to. Considering that I only get dumb solids from my customers anyway, pretty sure IV2021 will last a few years.

FeatureCam to be discontinued

SAP Billing Hybris Training is ideal for the aspirants from both B2B and B2C industries. It limelights on multiple billing systems and allows revenue sharing agreements for different channels.
