United Kingdom - United Kingdom - Late Victorian Britain: From the 1880s a mounting sense of the limits of the liberal, regulative state became apparent. One reflection of this awareness was the increasing perception of national decline, relative to the increasing strength of other European countries and the United States. This awareness was reinforced by British military failures in the South ...

An MGU lives and dies by its reputation. A reputation, in turn, is built by the actions of its leaders. Effective leaders will never put the profits of the MGU ahead of the underwriting profits of the capacity which it represents as the integrity and sustainability of the firm will forever be compromised. – It requires a managed Balance.
